We have some wonderful young people in our church family. They have made some amazing accomplishments over the last month. We are so proud of each of them and know that God has great things in store for their futures.

We are so proud of Levi Williams
who chose to be baptized after accepting the Lord as his Savior.

Congratulations

Sarah Holcombe!

Sarah received the
Piedmont College
Presidential
Scholarship
for \$14,000.

Cati Ford & Bailey Jordan

Mr. & Mrs. Jordan were
married on 12/22/18
We wish this beautiful
couple many years
of happiness.

Congratulations Bilee Jane Fleming!!

Bilee Jane made
the fall 2018
Dean's List at the
University of
North Georgia.

2019

Today is 10 January, 2019. A new year and a new month: every 24 hours we receive a new day. Every 168 hours we receive a new week.

Isn't great we have new starting points in our lives! A big starting point is a new year. In fact, it is so big it is daunting or maybe overwhelming.

Someone said, the bite at a time. Big parts. To identify magical. It helps the year before us must fulfill.

way to eat an elephant is one is always broken into small the small parts of your time is us not be overwhelmed with nor the responsibilities we

If you do not see segments of time then you will live a stressful life rather than a fulfilled life. Segments can be planned. Segments can be scheduled. Segments can be adjusted to your best time each day to your weakest time each day.

Keys are:

1. make plans for your week
2. schedule your activities for each day to live your plan
3. Schedule your hardest parts when you feel your best each day and your easiest parts when you feel your weakest time of day.

Truth about time

- Everyone has 24 hours every day
- Everyone has 60 minutes of every hour
- Everyone has 60 seconds of every minute.

What if

- Each second is worth a dollar – then one minute would be worth \$60.00
- Each hour would be worth \$3,600.00
- Each day would be worth \$86,400.00.

In other words

- Your time is the most valuable resource you have.
- Your seconds, minutes and hours spent are valuable.
- What are you spending your seconds, minutes and hours on?

Is your 24 hours each day worth the \$86,400.00 you spend?

Or could you spend your time more wisely?

Think about this

- Once you spend your second, minute, hour and day you will never get it back.

It is gone forever.

What is your daily living worth?

Wasted time is a wasted life.
